

Online Seminar Special on damaged/defective lithium cells and batteries

What to expect in this online seminar: This online seminar focuses on damaged respective defective lithium cells and batteries. In addition to the topic of risk assessment and the answer to the question who is really deciding whether a lithium cell/battery is still alright, damaged/defective or safety critically defective, the criteria for this classification will be explained. Besides that you learn all about the shipping preparation, packing, labeling and the documentation for each classification.

Kursinformationen

Zielgruppe

This online seminar is for anyone dealing with lithium cells and batteries in their job and who need to ship them.

Voraussetzung

For this online seminar there are no requirements.

Prüfung

This online seminar is without an exam.

Attention: For shipping lithium cells and batteries according to Section I, IA and IB of the respective packing instruction in air transport anyone needs a certificate recognized by the appropriate national authority for packer (B**/B***) respective shipper (A**/A***) which can only be obtained through a special course including a final exam.

Achtung:

Wer im Luftverkehr verschickt, braucht zusätzlich ein amtlich anerkanntes Zertifikat für Versender (A**/A***), das nur durch eine spezielle Schulung mit abschließender Prüfung erreicht wird!

Hier geht´s zum passenden Kurs:

(A**/A***) ehemals PK1-Kl.9 Kurs

Personen, die Lithiumbatterien für den Lufttransport verpacken, benötigen ebenfalls ein amtlich anerkanntes Zertifikat für Verpacker (B**/B***) .

Hier geht´s zum passenden Kurs:

(B**/B***) ehemals PK2-Kl.9 Kurs

Abschluss

You will receive a certificate of attendance as proof of a training according to 1.3 ADR and 1.3 IMDG Code.

Attention: To receive this proof it is necessary that your camera is switched on during the whole online seminar

Methode

Our goal is that our participants will know how to help themselves in everyday working life. In order to achieve this in the online seminar practice-oriented issues will be worked with. This means that you as a participant will be actively integrated in the online seminar: What you´ve done yourself, will more easily be remembered. Our trainer take care that it won´t be boring and that you will learn about the topics through different methods.
